# Frequently Asked Questions

## **Q: Do I really travel for free?**

A: Yes!! You organize a group of paying travelers and your trip is completely on the house! Simple and easy. *(Airfare, Alcohol & Souvenirs not included)*

## **Q: What is considered a group?**

A: The amount of people for each group depends on the location that you would like to travel (see previous page). The members of your group are paying travelers. You and the group will travel together.

## **Q: How do I organize a group?**

A: There's many ways you can organize a group. We have plenty of ideas to help get you started. We will also provide flyers, table set-ups and presentations upon request to help show your group just how awesome their travel experience will be.

## **Q: How do payments and costs work?**

A: The cost of the trip varies depending on the time of year and your group size. Once you have a time of year and an estimated amount of people we can provide you with a approximate quote for the cost of the trip. Members of your group will pay a deposit to confirm their spot. Once all members of your group have paid the deposits your trip is free.

## **Q: Can the trip be customized to our group interests?**

A: Yes! That's one of the benefits of organizing your own group is that we can re-arrange the itinerary to meet your needs. We can customize all trips to meet your time restraints, interests and budget.

## **Q: Do you only offer the locations on your website?**

Have a location on your bucket list that's not on our website? No problem! Some of our most popular trips were developed because someone asked! If you can dream it, we'll do the research and have your trip of lifetime waiting!
