# PACKING LIST

PACK LESS, ENJOY MORE

## IMPORTANT NOTES

By packing for your trek according to this list, you will keep the weight of your gear manageable. We advise you to avoid packing anything not on this list – trust us – you won't need it, and your back will thank you! This trip involves moving around from place to place. Excess items often leads to more time spent packing and unpacking. If you are not sure what any of the gear items are, please ask us or your nearest outdoor retailer. For the sake of your own comfort and safety, we want you to be as prepared as possible for your trip!

## ESSENTIAL TRAVEL DOCUMENTS

- Passport with at least 6 months validity from date of arrival**
  - Store passport in a waterproof or ziplock bag
  - A printed or electronic copy is advised
  
- Spending money**
  - US\$ cash and/or Costa Rican colones (we advise exchanging money in the US)
  - Most travelers bring \$50-\$100 USD for spending and extra for cash for tipping the primary guide (usually 15-20% of total trip cost).

## GEAR RENTAL

Items marked with an asterisk (\*) are available for rent from us. If you would like to rent any of these items, please request them at least two weeks in advance. Available until supplies lasts.
